As parent or guardian, I do herewith authorize the treatment, by qualified and licensed medical personnel, of the above listed child in the event of a medical emergency which, in the opinion of the attending physician, may endanger his or her life, cause disfigurement, physical impairment, or undue discomfort if delayed. This authority is granted only after a reasonable effort has been made to reach me.

This release is completed and signed of my own free will with the sole purpose of authorizing medical treatment under emergency circumstances in my absence. I understand that this release is intended for any Awana activity for the club year between September 2011 and May 2012.

Our #1 goal at Awana is to teach the gospel of Christ. Along the way many things distract us from this purpose. Various

behaviors, attitudes, and other situations beg our attention and then we may need to discipline your child. Discipline is something we do, first of all, with love, and second of all, **for** your child, not **to** your child. We want to teach our clubbers what proper behaviors and attitudes towards God and others should be.

We have drawn up a list of rules and standards with our intended method of correction which will serve as our discipline guideline. Please read these very carefully:

- 1) **Give respect & listen** (obedience, no talking back, no foul language...)
- 2) **Speak truth** (Need we say more?)
- 3) **Golden Rule:** Do to others as you would have them do to you
- 4) **Quiet dismissals** (stay w/group at all times, quiet, no running, etc.)
- 5) **Personal space** (personal belongings and words: no name-calling)

Method of Correction:

- 1-count** First warning of unacceptable behavior. Clubber and leader will briefly discuss the reason for the 1-count
- 2-count** Second warning. Leader and director will discuss reason for the 2-count, and the commander will be informed.
- 3-count** Commander and another leader will discuss the problem with the clubber, contact the parents, and arrange for pick-up. If parents are unavailable, the child will be isolated under supervision until the club night is over. The child will then be asked to not return for one week.

I have read and understand these guidelines.

This is especially true for bus and van transportation!! It is a privilege to ride, not a right.
